Patrick Pack Walsh may not know exactly where he's going in life, but he's happy where he is. He's got a girlfriend who gets him. His single dad is his best friend. After graduation, he has a desk job lined up at the local crossfit gym, maybe he'll even work his way up to trainer. He can't see himself ever leaving the small town of Brooksby, MA. And he's fine with that.

Then, on his eighteenth birthday, a letter from Pack's mother changes everything.

Pack hits the road, searching for a mother he's never known and a family he had no idea existed until now. His journey unearths questions about both of his parents that he never saw coming. And by the end of the summer, Pack has a whole different understanding of his past—and most importantly, where he wants his future to lead.
